### **DETAILED ACTION**

1. This communication is in response to the Pre-Brief Conference request filed on 5/16/2007.

After thorough search and examination of the present application and in light of the prior art made of record, claims 1-21 are allowed.

### **Examiner's Amendment**

#### ***Specification***

2. **Please amend the Related Application section as follows:**

The application relates to U.S. Patent Application Number 10/389,380, filed March 13, 2003, entitled Alert Mechanism And Method For Monitoring Remote System Process Of Time Critical Data Via The Internet, ~~attorney docket number 009818-0081-999~~, which is incorporated herein by reference.

#### ***Drawings***

3. Figure 1 is being described as prior art in the background of the invention. Therefore, Figure 1 should be labeled as prior art. Appropriate correction is required in response to this office action.

#### ***Reason for Allowance***

Art Unit: 2166

4. The prior art made of record does not teach or fairly suggest the combination of elements, as recited in independent claims 1, 8, and 15.

More specifically, the prior art of records does not specifically suggest a combination of elements including "customer rule set database with set of customer special requirements, selecting partially-processed wafers identified in a die bank database in accordance with said customer rule set database and validating special release requirements for said selected wafers in accordance with an assembly capability database that stores capabilities of each subcontractor" in the field of manufacturing semiconductor integrated circuits.

These features together with other limitations of the independent claims are novel and non-obvious over the prior art of record. The dependent claims 2-7, 9-14, 16-21 being definite, enabled by the specification, and further limiting to the independent claims, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
